CAREER OBJECTIVE

A dedicated Computer Science student with strong skills in full-stack and software development. Proficient in Python and SQL, with hands-on experience in MySQL database design. Familiar with data science concepts and capable of building scalable applications. Eager to apply my technical knowledge in real-world scenarios, contribute to impactful projects, and grow in a dynamic software development role.

EDUCATION

- Bachelor of Technology in Computer Science and Engineering, JNTUH** 2022-26
Guru Nanak Institutions Technical Campus, Ibrahimpatnam. CGPA: 8.61
- Intermediate in MPC, Telangana Board of Intermediate Education (TGBIE)** 2020-22
SR Junior College, Hanumakonda. Percentage: 82.3%
- Tenth Class, Central Board of Secondary Education, (CBSE)** 2019-20
JSM High School, Hanumakonda. percentage: 73%

AcaDEMIC PROJECTS

- Multi-Culture Sign Language Detection and Recognition Using Fine-tuned Convolutional Neural Network.**

A deep-learning-based system that accurately detects and recognizes sign language gestures in real time using a hybrid CNN model and YOLOv8.

- Built a Sign Language Detection System using a (Hybrid Deep Neural Network and YOLOv8).
- Deployed a web-based interface for detecting and recognizing signs from input images.
- Created a custom sign dataset and applied preprocessing, augmentation, and evaluation.
- Technology Used: Python, TensorFlow, OpenCV, HTML, CSS, Matplotlib, pandas, NumPy, Jupyter Notebook

INTERNSHIPS

- Google Cloud Generative AI Intern** 18 September -29 October 2024
Smart Internz, India Online
 - Virtual Internship
 - Enhanced Understanding of AI
 - Completed hands-on assignments and practical sessions to solidify learning.
- Python Development Intern** Nov 2024 – Dec 2024
Cognifyz Technologies, India
 - Demonstrated strong problem-solving, coordination and communication skills while successfully handling assigned projects and tasks.
 - Developed a passion for Python development, consistently learning new concepts and applying them to real-world assignments with dedication and attention to detail.

TECHNICAL SKILLS

Languages: Python, HTML, CSS, JavaScript

Databases: MySQL, MongoDB

Frameworks & Libraries: Django, Flask, NumPy.

Relevant Coursework: Operating Systems, Object-Oriented Programming, Database Management Systems, Software Engineering.

Soft SKILLS

Problem Solving, Self-Learning, Quick Learner, Consistency

CERTIFICATES

- **AI-Data Scientist-APPC&TBOCWWB** (14 Apr 2023- 15 Sept 2024)
- **AWS Cloud Computing Essentials** – AWS, Completion Certification (Aug 04,2025)
- **Python Development** – Udemy, Learning and Completion Certificate (Aug 2025)
- **GitHub Hands-On Session** – participation certificate (Dec 2024)

EXTRACURRICULAR ACTIVITIES

- Participated in GitHub club activity, organized by GNITC (Dec 2024) — Gaining Knowledge about GitHub and Essay Implementation of GitHub Repositories.
- Participated in Flutter Learning Club, — focused on Developing the App and experienced the real-world Knowledge skills.
- Actively participated in Clubs Education Leadership Summit 2024 at Guru Nanak Institutions Technical Campus, Hyderabad (Jan-Dec 2024) — engaged in sessions on leadership and engineering innovation.
